

Complete the dialogue

Fill in the blanks by listening to the audio file (see link/QR code below the dialogue).

I feel sorry for the people living close to the
_____.

Why? Because of climate _____?

Yes. With rising sea levels and more intense
_____, they are in danger.

I think it's a complex issue. In many places
_____ are also directly responsible for some
of the dangers.

What do you _____?

For example through the deforestation of mangrove
forests. The mangroves used to be a natural
_____ against storms.

I didn't know that. Where do mangroves _____?

They grow for example in Asia. And lots of them have been cut down. People in these areas now _____ more from storms and floods.

I see. I guess it's easier to just _____ climate change instead of looking at the actual problem.

But you are also right. They will probably suffer even more once climate change comes into _____ effect.

Makes sense. Once the sea level actually significantly rises, they really have no _____.
