I'm installing some _____ panels on my roof this week.

Really? I've been thinking about doing that too to cut down on my electricity _____.

That's one reason why I'm doing it. I also don't want to use electricity from coal or _____ power plants anymore.

But what are you going to do at _____?

I'm still connected to the _____. But I'll try to let things like the washing machine or the dryer run during the day with solar electricity.

Good idea. Are the panels _____?

They aren't cheap, but electricity is so expensive that they will _____ themselves off in a couple of years.

The city is also building a couple of _____ mills in the hills.

I'm glad they are finally living up to their _____ and are investing in renewable energies.

Me too. _____ and coal are eventually going to run out. We can't just ignore it and leave it to future generations.

I see we are on the same _____ with this topic. It was fun talking to you.
