you should go for it! / Thank you for all your input!
/ No, not really. I just need it to get to work and run errands. / The infrastructure for electric cars is also constantly improving. I think companies. / I guess you're right. And my electricity comes from a green provider. / Do you plan to drive long distances with the car?
the biggest problem is the batteries. They still need improvement but more people buying one will increase pressure on the energies. / Yes, I read that too. Only when you use energy from renewable sources does an electric car make a difference. / I think instead of gas. / Me too. But I read that they emit more emissions when produced. / And you need to use electricity from renewable energy sources when getting an electric car. What do you think about them? / I'm not sure. I like the idea of using electricity
