Good afternoon.
What have you come
in for today?

I have a bad cough
and a fever.

When did the fever
start?

It started last
Thursday and has
been getting worse
every day.

Have you been
taking any
medication?

I've been taking one
of these over-the-

counter medicines.

Then let's take a look. Could you open your mouth and say "aaah"?

Ahhhhhhh.

You probably have a bad cold. Get plenty of fluids and rest. If you don't feel better in a couple of days, come and see me again.

Can you write me a doctor's note for work?

Of course. Is there anything else I can help you with?

That's all. Thank you.

You are welcome, and you should feel better soon. If it gets any worse, call the office and let me know.
