

Good afternoon. What have you come in for today?

I have a bad cough and a fever.

When did the fever start?

It started last Thursday and has been getting worse every day.

Have you been taking any medication?

I've been taking one of these over-the-counter medicines.

Then let's take a look. Could you open your mouth and say "aaah"?

Ahhhhhhh.

You probably have a bad cold. Get plenty of fluids and rest. If you don't feel better in a couple of days, come and see me again.

Can you write me a doctor's note for work?

Of course. Is there anything else I can help you with?

That's all. Thank you.

You are welcome, and you should feel better soon. If it gets any worse, call the office and let me know.
