### How common are taxis in German-speaking countries?

Taxis are fairly common in major cities throughout the German-speaking world. You'll most likely find them around a city's center. Although, most people travel by public transportation, bike, or with their own car. Outside of cities, or on their outskirts, taxis are much less common.

### What do taxis look like in German-speaking countries?

Taxi cars can look different from city to city and country to country. In Germany for example, they are often a light yellow, beige, or white color. Taxi drivers also attach a little taxi sign to their roofs, so you can easily identify them.

### How much do you tip a taxi driver in the German-speaking world?

Happy with how your taxi ride went? Normally, you would tip a German taxi driver similarly to how you tip a waiter or waitress at a restaurant. That means tips are usually 10-15% of what your fare costs.
