

## The Last Vacation: Describing Your Vacation

My trip was fantastic.

I was in Australia.

I loved France.

Canada was great!

I really enjoyed the food.

I loved the food there.

I was there for a couple of weeks.

I did a lot of hiking.

I definitely miss being there.

It's nice to be back home where my friends and family are.

The flight over took about 7 hours.

We were lucky and had sunny days the entire vacation.

I met a couple of locals at a restaurant one day.

The culture was so interesting and different from ours.
